

Unit 2

HHFA resource package

By the end of this unit, you will:

- list the key steps of an HHFA
- list the key HHFA tools
- access the HHFA resource package through the WHO HHFA webpages

HHFA 7 key steps

1

Decide
information
needs

2

Adapt
questionnaire
& CSPro tool

3

Train data
collectors

4

Collect data

5

Analyse data

6

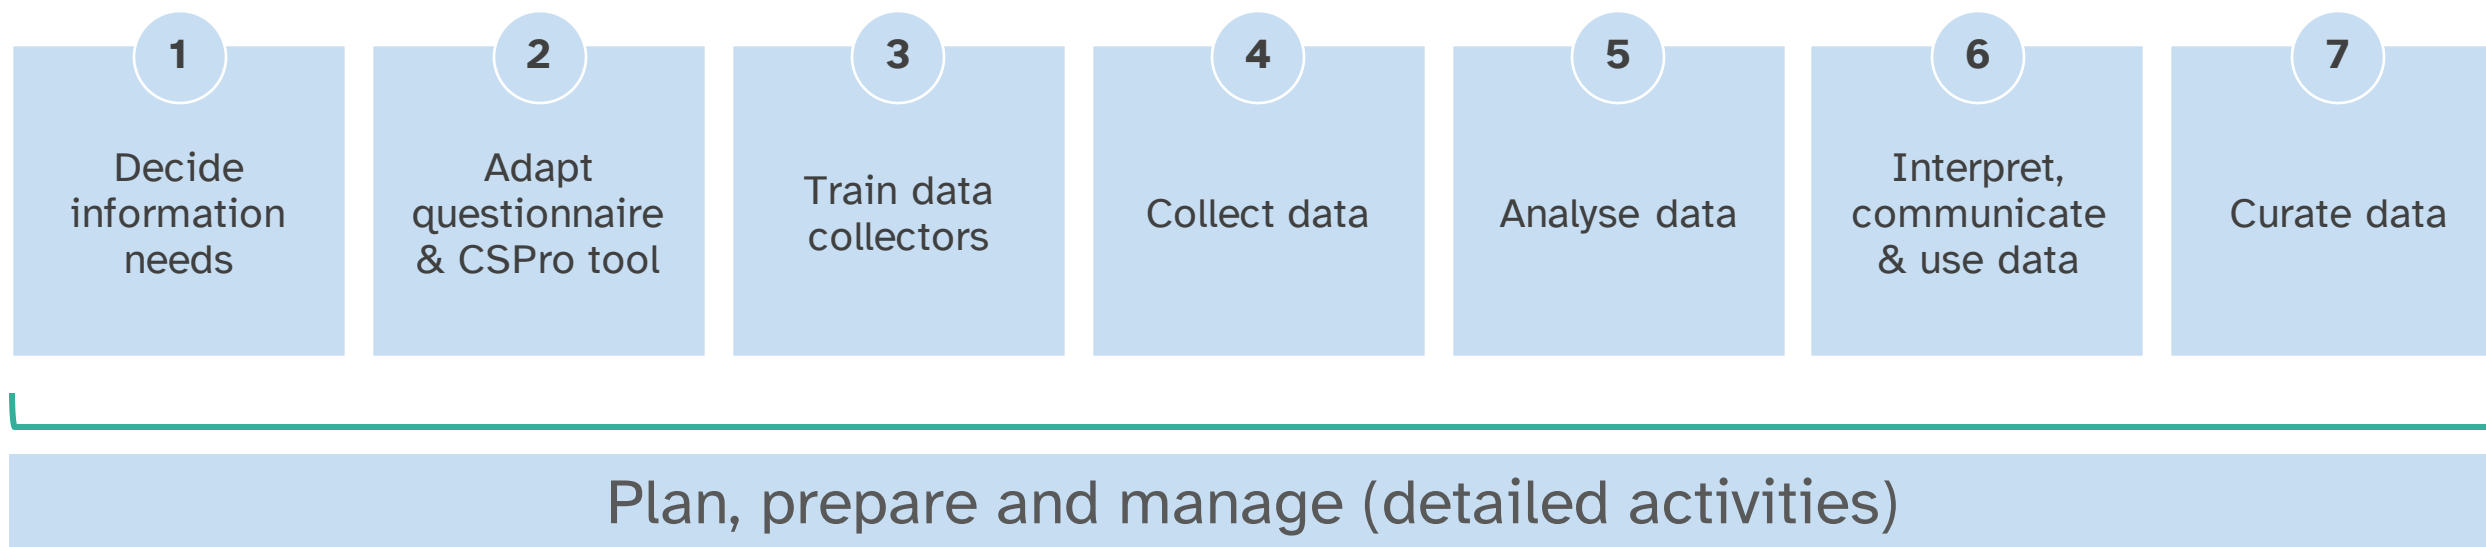

Interpret,
communicate
& use data

7

Curate data

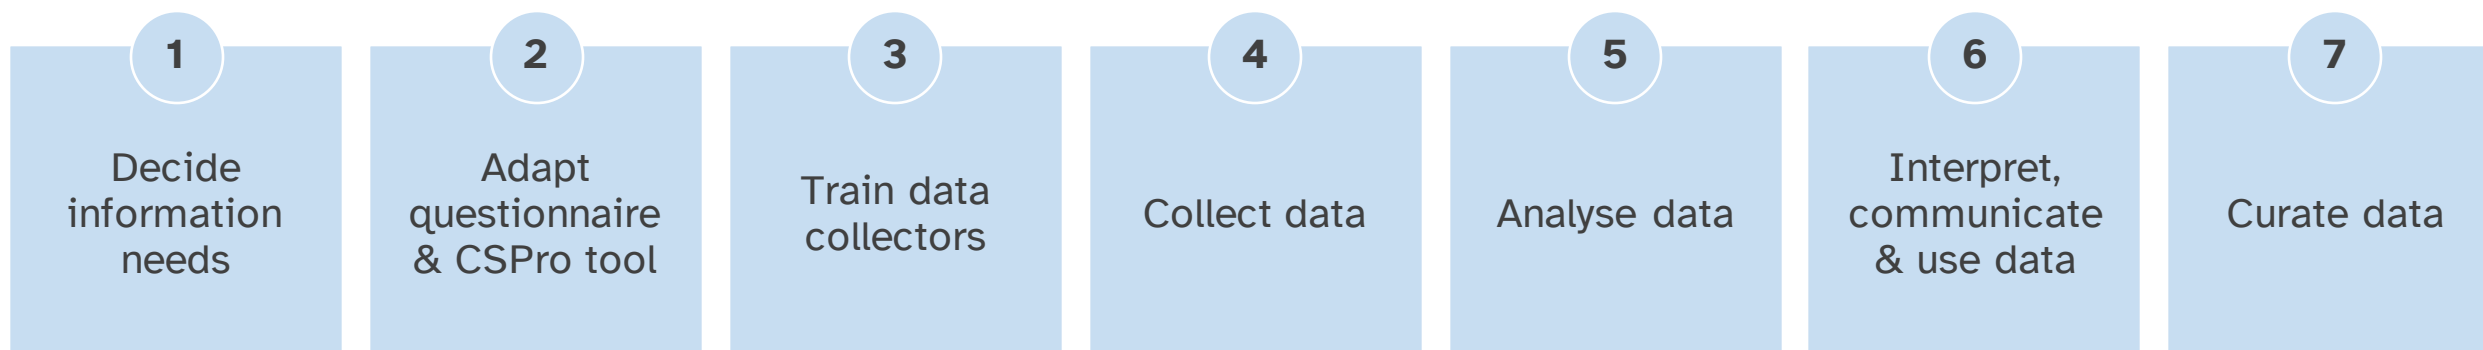

Key point

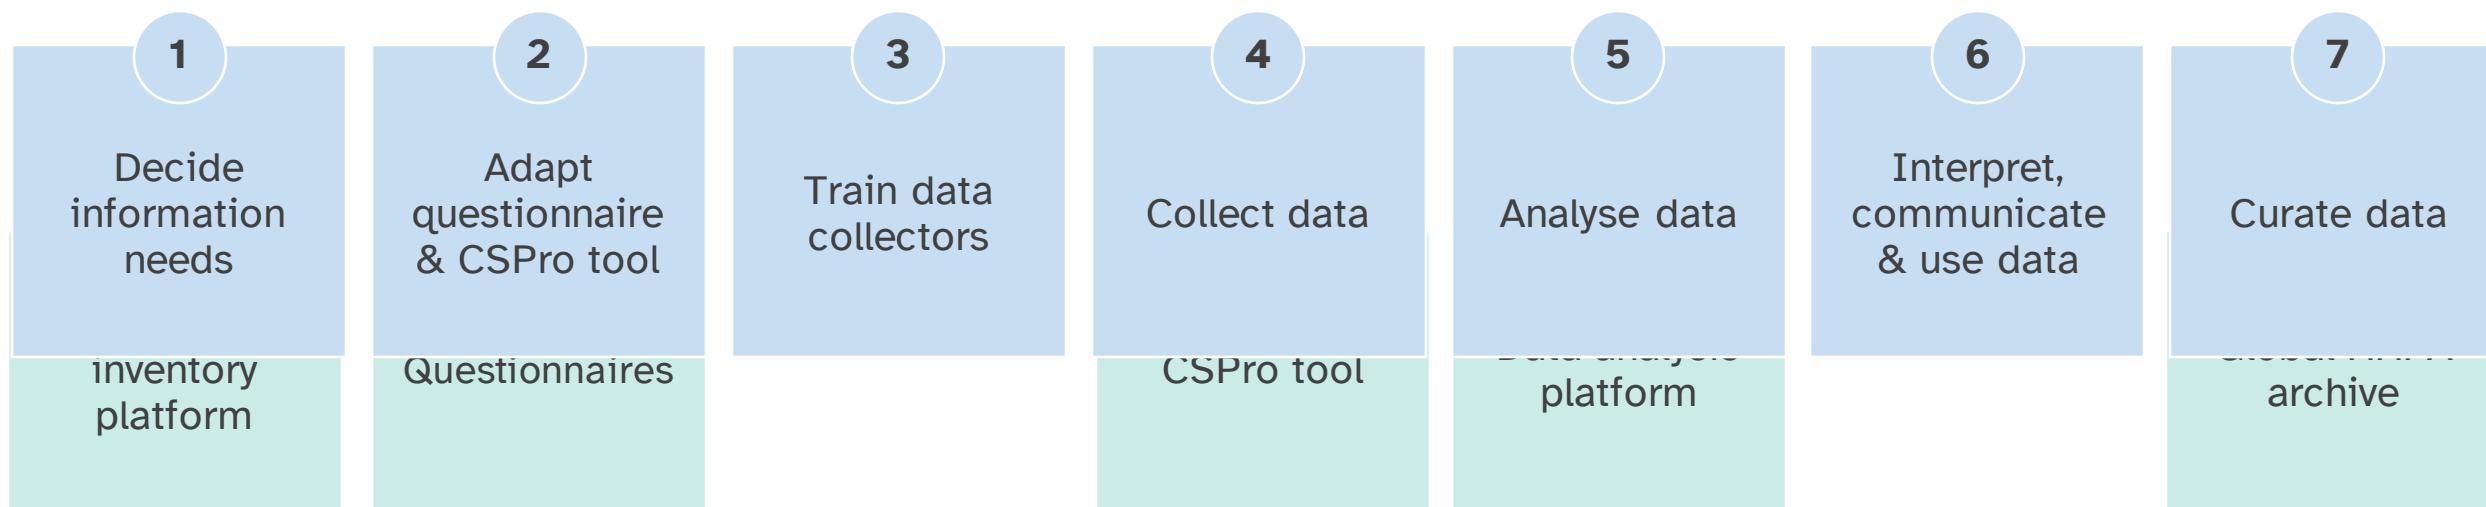

HHFA resource package

WHO has prepared an HHFA **resource package** to support countries through each step of the HHFA.
